AIDS Rally

AIDS Awareness Rally at P Wadhwani College of Pharmacy is organized on 4th of December 2019. The purpose behind organizing this really is to make a society aware of AIDS and evil effects on families and society. This rally is also meant for making the future pharmacist better aware of this disease and their responsibility of spreading knowledge about AIDS in society. 01 December, is National AIDS Awareness Day, a date set aside to recognize the positive impact that pharmacists have in AIDS awareness. Pharmacist role is crucial for increasing awareness about the

importance of the profession in prevention of the disease.

As health care becomes more collaborative and pharmacists are integrated into care teams, the true significance of the profession has come to light. On 01st December, 2019, *P. Wadhwani College of Pharmacy, Yavatmal* launched the campaign to spread the crucial role of the pharmacist in both the patient journey and in the real world. During this ongoing campaign, pharmacists from all walks of life have shared numerous photos on social media showing interests ranging from ralley which is organised to spread awareness in society comprised of nearly all pharmacists. The Pharmacists campaign, much like AIDS Awareness ralley, seeks to raise awareness in the health care space and among the general public to provide a better understanding of who pharmacists are and just how important they are for overall patient health during the disease spread. Traditionally, individuals may think of a pharmacist as a health care professional who wears a white coat and dispenses pills, but we know that the role of the pharmacist expands beyond dispensing drugs and that filling

Nirman Project

In the guest lecture Mr Dhadase introduced Nirman project to students that NIRMAN aims to create a large group of young professionals having the desire and the capability to understand and solve the burning social problems. It plans to achieve this by developing an educational process which will also mentioned that Society has problems like poverty, malnutrition, unemployment, lack of quality education, food and water scarcity, global warming, etc. which are waiting to be solved.

He mentioned that NIRMAN believes that the self-actualization of its participants cannot take place in isolation or in the narrow confinements of a secured lifestyle. It therefore attempts to bring the youth face to face with the reality of life, enabling them to identify, analyze and solve the societal problems.

NIRMAN is a continuously evolving process of problem based experiential learning and identification of self through it. It focuses on enabling the participants to understand the world outside to find the peace within.
