## CANCER AWARENESS: One Day Workshop

Workshop commenced with the introduction of the speakers **Miss Ashwini K Lamture**, Senior Expert Counsellor, Stop Cancer Mission Multipurpose Society, Nagpur & **Miss Priyanka Khandare**, Senior Expert Counsellor, Stop Cancer Mission Multipurpose Society, Nagpur. Felicitation was carried out by **Dr. D W Wargantiwar** Senior Lecturer, Patalldhamal Wadhvani College of Pharmacy, Yavatmal. Stop Cancer mission is governed by Stop Cancer Mission Multipurpose Society, Nagpur and Arogyawardhan Lifestyle Pvt Ltd Nagpur. The only aim and motto of the mission is to stop the deaths of the cancer patients through early detection and screening through various biological and pathological tests.

Guest Miss Priyanka highlighted the workshop by highlighting an importance of knowing Cancer and progression of Cancer in the human body. She explained overall pathophysiology of Cancer. She explained Cancer awareness is the key to early detection and better health-seeking behaviour. Cancer is quite common in both developing as well as developed countries, but awareness is yet poor among the general population. Poor awareness may lead to poor uptake of screening modalities and delay in diagnosis. One factor that has been consistently shown to be associated with late diagnosis and treatment is a delay in seeking help for cancer-like symptoms. This workshop reviews the importance of cancer awareness among the general population and attitude towards screening modalities

The poor awareness level among the Indian population shows the need for health education and sensitisation regarding cancer and its different aspects. This will be helpful in the successful implementation of health programmes related to cancer. During her session she also demonstrated the progression of cancer through the videos. She encouraged the students to percolate the knowledge and awareness to the family and society. The workshop is concluded with vote of thanks by Shri Afsar C Shaikh.
