From Editor's Desk: Dear Reader, It's my enormous pleasure to bring our institute's bi-annual newsletter **Pharmabeat**. The purpose of the letters column is to provide a forum for members of the extended College family - primarily alumni, parents, students, faculty, staff, and others with a strong connection to the College.

I thanks to President of our institute, Principal of our college and our mentor Prof Dr A V Chandewar through the journey of creation of **Pharmabeat** & all my colleagues who has supported and stand behind me.

From Principal's Desk: Dear Reader, this is the inaugural issue of our bi-annually newsletter. It is a matter of pride as well as pleasure to present before our readers first issue of College Newsletter. We are starting this newsletter as a way of keeping in touch with teachers and educationists who have been an integral part of our journey.

We are sure that going forward, their exposure to our pedagogy will serve them well in all their academic and professional pursuits and careers. We hope to use this newsletter partly as an additional tool of input to enrich the students knowledge and their access to further sources of information. To be sure, teachers and educationists have been partnering with us well in ensuring that our vision and mission succeeds. We hope for your continued support in this regard, and wish that you would put this newsletter to good use.
